

Menu Alternatives

At Hunter's Lodge, we aim to provide a healthy, nutritious diet for everyone. Therefore, we plan out a range of recipes within our set menus, which we believe are balanced as well as tasty.

However, we also realise that not all of our recipes are to everyone's liking; as such, we have listed a variety of alternatives below.

If however, you still don't see something you feel like and have a specific dish in mind, please don't hesitate to ask!

Where possible, we would kindly ask that requests for any alternatives are made as early as possible.
